

Roosevelt Record

November 2023

Thank You, Roosevelt PTO, for another memorable Pumpkin Patch!

Curricular Updates

We are excited to inform you about new district-wide educational programs that will benefit your child's learning journey. These programs are designed to ignite curiosity, inspire critical thinking,

and enhance academic skills.

Wonders is a comprehensive literacy program, which empowers students to take an active role in learning and exploration. It offers differentiated instruction to ensure that every child receives the support and rigor they require to thrive as readers and writers.

IXL is an online learning platform that covers a wide range of subjects, from math and language arts to science and social studies. It offers personalized practice that adapts to each student's level, ensuring they are appropriately challenged. Additionally, IXL provides detailed reports to help you track your child's progress, and reinforces classroom learning at home.

Elevate Science is a program that engages students in hands-on exploration, critical thinking, and real-world problem solving. This program is designed to foster a love for science and nurture your child's natural curiosity about the world around them. It aligns with our goals to create young scientists who can investigate, analyze, and innovate.

These district programs were carefully chosen to enhance your child's educational experience and provide them with the tools they need to excel academically. We believe that a strong partnership between school and home is crucial for your child's success, so we encourage you to get involved by exploring these programs with your child, tracking their progress, and discussing their achievements and challenges. Thank you for your continued support and partnership in your child's education!

October Highlights

LEAD U

Students were reminded to make *smart choices*, as their decisions impact others. They were also encouraged to respond to situations that make them feel uncomfortable by 1. Saying stop, 2. Ignoring the behavior, 3. Walking away, and 4. Getting help. To conclude, they engaged in mindfulness activities centered around breathing techniques and were reminded that someone in the room is always thinking of how special they are!

Thank You, Zentai!

Students learned how to be strong and confident with Zentai martial arts. They also discussed various ways they could show respect, as we celebrated the Week of Respect.

Plant the Promise

Roosevelt students pledged to respect themselves as well as others by making healthy decisions. We can't wait to see our beautiful tulips in the spring.

Sensory Bins

Ms. Canhoto designed a fall/Halloween themed sensory bin, which included oats, mini apples, measuring spoons, bones, bats and other seasonal items. The students had the opportunity to explore different textures while practicing their counting and fine motor skills.

Kids of Character

Each month, we are proud to recognize students for the positive character traits they display. Congratulations to our most recent winners:

Camilla: Pre-K
Wyatt, Grade 1
Antonio, Grade 4
Finn, Grade 4

Classroom Spotlight

From the Art Room with Mrs. Breitwieser

Students have been working hard this year learning about Elements of Art and Principles of Design. We have been focusing on Color Theory, Line, Shape, and Patterns. Students are finishing up their first project and will discuss/critique their artwork including choices made in regards to Color, Line, Shape, and Pattern, Balance, Emphasis, and Space.

Some of the artwork created by Roosevelt students will be on display during parent teacher conferences. All are welcome and encouraged to enjoy the effort and

hardwork of Roosevelt Artists!

Fun Family Game: Play **I Spy** with your family and see what kinds of lines, shapes, and patterns each person can observe in your surroundings. *Describe* the lines, shapes and patterns that you see. You can even try to draw these on paper. **Have Fun!**

International Dot Day is a day that encourages creativity. It was a fun day for students who each created a dot on Dot Day, using various materials. Students then collaged the dots next to each other to create a **giant** Roosevelt School dot. It is amazing what can be created when all students create one small dot!

"Every Child is an Artist" - Picasso

ROOSEVELT ELEMENTARY SCHOOL

PARENT PORTAL

Progress Reports

As a reminder, progress reports have been released in the parent portal. Please do not hesitate to reach out to your child's teacher regarding ways to maintain a strong home-school connection throughout the second half of the trimester.

Uniform Policy

As a friendly reminder, students must wear uniform attire to school, which includes approved sweaters, zip-up hooded sweatshirts, and/or fleece zip-ups. Also, please be sure to bring appropriate outdoor wear since we will go outside for recess when the weather permits.

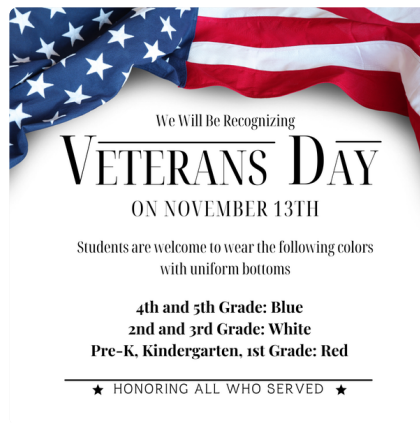

[Uniform Policy](#)

School Closed

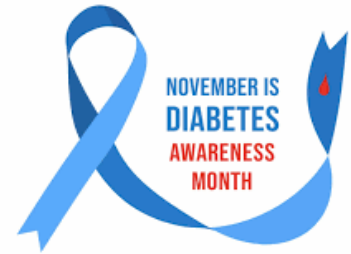

11/6 - 11/10

Have a fabulous break!

Veterans Day Ceremony

On Monday, 11/13, wear the color assigned to your grade-level.

Diabetes Awareness: 11/14
