This J&H quote for the updated radio equipment includes hardware to upgrade the District's current setup. The repeater we are currently using is limited and aging out. The plan is to continue to use this as a backup until it fails. This upgrade will allow the District to utilize more channels, as well as an emergency channel for the schools to contact one another in the event that there is a major emergency and other forms of communication are down. This upgrade also utilized digital, an improvement over the older analog system. Each location will also have its own channel, eliminating the cross-talk we are currently experiencing at some of the schools.
